## God's Plan To Prosper You - Jeremiah 29:1-23

How does the world define prosperity? How does God?

Live as well as you can under these new circumstances

Live at peace with this new community in which I placed you. Pray  
for them

\*But prosperity means living in our old homes, cities, nation of  
God's favor "You have a funny way of showing it"

Don't listen when "they" tell you what you told them what you want  
to hear

You don't want to be where you think you want to be – I'm  
doing surgery

I know what I am doing and how long it will take.

When you seek me with all your heart & call on me and I will listen

My Goal: To Prosper You, not your harm

To Give You Hope and a future

Hebrews 12:5-7 God disciplines those he loves

It seems like you are losing everything important.

Matthew 6:19-21 Using up vs Storing up

Matthew 6:25; 33-34

God wants to be your identity in which you find safety.
